THE DEAL BINDER

Coupon & Deal Organizer Pack

Your weekly command center for Dollar General, Family Dollar, Walmart & Meijer deals - plus every rebate app, all in one place.

INCLUDES: Weekly Deal Tracker - Coupon Log - Store Playbooks (DG, Family Dollar, Walmart, Meijer) - Rebate App Tracker - Monthly Savings Summary

How To Use This Binder

1. Pick your store day. Most deal-hunters run Dollar General on Saturday (the $5-off-$25 digital coupon) and Walmart mid-week when new markdowns hit.

2. Fill one Weekly Deal Tracker page per trip. Write the shelf price, then stack: store sale + digital coupon + paper coupon + rebate-app offer. The sheet does the math with you.

3. Log every coupon the day you get it. Coupons die in junk drawers. The Coupon Log keeps value, source, and expiry where you can see them.

4. Check rebate apps BEFORE you shop. Ibotta, Shopkick, and store apps often have offers on the exact items already on sale. The Rebate App Tracker makes sure you never leave money behind.

5. Tally the month. The Monthly Savings Summary turns a binder of receipts into one number you can be proud of.

Print tip: print the tracker pages double-sided and keep 4-6 blank copies of each behind their tab. Refill when you run low - the pack never expires.
